

Membership Form

United Nations Association
of Australia, ACT Division

Welcome to the United Nations Association of Australia ACT.

Our purpose is to support the mission of the United Nations through advocacy, raising awareness and education. In Canberra we have the distinct advantage of being able to draw on the presence of the international diplomatic community, the Parliament, the departments and agencies responsible for Australia's foreign policy and programs, representatives of UN agencies, as well as numerous UN delegations and officials that visit the city.

We hope that you will join our mission to inform, inspire and engage.
